Subject: Public Notice Update In the Matter of Peter K. Roosevelt

Steve. The public notice period for the Roosevelt SPCC settlement was supposed to have run

September 16 through October 16, 2017. Unfortunately, when I checked on October 16th to determine whether EPA had received any comments on the settlement agreement, I learned that the notice was not properly posted. The notice began running on October 17th. I will update you at the end of the public notice period on November 16, 2017, regarding the status of any comments received. The CCCA will be filed 10 days after the public notice period expires. Please extend my sincere apologies to Mr. Roosevelt for the delay. Thank you,

Amy Swanson | Senior Attorney
